

Learning Strategy Focus Areas and Goals

VISION

All people are protected by a field epidemiology workforce capable of detecting and responding to health threats.

MISSION

Our mission is to develop, connect, and mobilize a global field epidemiology workforce to strengthen public health systems and advance health security.

FOCUS AREA	FOCUS AREA DESCRIPTION	STRATEGY GOALS
 <p>TEPHINET NETWORK LEARNING HUB</p>	<p>Be the strategic hub for Field Epidemiology Training Program (FETP) network learning improvement within the FETP Enterprise.</p>	<ul style="list-style-type: none"> • Build learning leadership and drive learning culture change. • Strengthen TEPHINET as the central communication hub for network-wide learning initiatives.
 <p>ROBUST FETP STAFF PROFESSIONAL DEVELOPMENT</p>	<p>Provide FETPs with robust solutions, programs, tools, and resources to help FETP staff develop their trainer and mentor capabilities.</p>	<ul style="list-style-type: none"> • Improve mentors' and trainers' capabilities to deliver high impact learning experiences. • Establish centers of excellence for mentoring and training services.
 <p>HIGH QUALITY LEARNING EXPERIENCES</p>	<p>Enable FETPs to improve the quality of their programs and learning experiences and demonstrate this through measured outcomes.</p>	<ul style="list-style-type: none"> • Measure and improve learning outcome quality. • Update learner core competencies and program curricula to reflect current field epidemiology workforce needs. • Modernize learning solutions and experiences to reflect the new and personalized ways that people want to learn.
 <p>GLOBAL CULTURE OF SHARING KNOWLEDGE AND RESOURCES</p>	<p>Enable a culture of collaboration, knowledge sharing, and social learning among the FETP community within and across various geographies and disciplines.</p>	<ul style="list-style-type: none"> • Identify the 'gold standard' learning solutions that will be eligible for global sharing. • Manage a central content repository featuring curated learning resources and instructional materials. • Centralize access to high quality, reputable training. • Facilitate social learning, collaboration, and networking within the FETP learning community.
 <p>WORKFORCE UPSKILLING</p>	<p>Equip the field epidemiology workforce with current and updated knowledge and skills through continuous learning solutions and improved learning response during public health emergencies.</p>	<ul style="list-style-type: none"> • Enable alumni to update their knowledge/skills on a continuous basis. • Improve the global learning response during public health emergencies.
 <p>PROGRESSIVE EVOLUTION AND GROWTH</p>	<p>Work with FETP Regional Networks to strengthen regional learning support and implement a global credentialing program.</p>	<ul style="list-style-type: none"> • Strengthen the Regional Network learning support model. • Professionalize the discipline of Field Epidemiology.
